

August 2, 2018

Major Steven Harris
Florida Highway Patrol, Troop G
Department of Highway Safety and Motor Vehicles
7322 Normandy Blvd.
Jacksonville, FL 32205-6261

Dear Major Harris:

The Alcohol Testing Program at the Florida Department of Law Enforcement has become aware of several Agency Inspection tests in which unapproved alcohol reference solutions were used. These agency inspections were conducted on instruments 80-000227, 80-006261, 80-006764 and 80-6765. FDLE/ATP Form 39, which is incorporated by reference in Rule 11D-8.006, F.A.C., states in #3 that *"Only approved and non-expired alcohol reference solution and non-expired dry gas standard from an approved source must be used during the applicable portions of the inspections."* Therefore, these agency inspections are in violation of Rule 11D-8, F.A.C.

A list of affected agency inspections is attached. Please ensure all future agency inspections are performed using Department approved alcohol reference solutions. A list of Department approved alcohol reference solutions can be found on our website at <http://www.fdle.state.fl.us/Alcohol-Testing-Program/Intoxilyzer-8000-Records/Alcohol-Reference-Solution.aspx>.

As an additional measure, please conduct an agency inspection on each instrument with an approved solution prior to sending the instruments to the Alcohol Testing Program for a Department Inspection. The Alcohol Testing Program will ensure that your instruments are returned as soon as possible.

Please contact me at (850) 617-1290 should you require any additional information regarding this important matter.

Sincerely,

Brett H. Kirkland, Ph.D.
Alcohol Testing Program Manager

BHK
